LETTER of RECOMMENDATION

On Igor's request I am writing this letter of recommendation as his colleague and Professor of Commercial Law at Institute of International Relations of Taras Shevchenko Kiev University.

It is a distinct pleasure to have Igor Shevchenko as a student at the University and as a colleague and assistant in practical work.

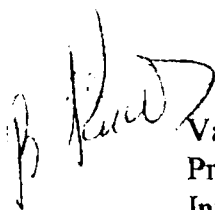

I have known him for three years. During the first lecture I was delivering to his class he attracted my attention and gained my respect. Since that time our close cooperation in legal business continues benefiting both, me and him.

He is capable, industrious and very persistent person. Igor's knowledge of law, both Ukrainian and international, and ability to use it far exceed a student's level. His fluency in English enables him to communicate freely with foreigners and prepare memoranda, different legal instruments and other documents in English. Despite he is an undergraduate student, he has superior, scholar and professional qualification for legal practice and research.

Based on my teaching and practical experience, I am convinced that he will become an outstanding lawyer in the field of commercial law whose influence on legal science and practice is going to be remarkable.

I have very reason to believe that Igor is not only a dedicated lawyer but that he really enjoys his vocation.

Therefore, I recommend sincerely Igor Shevchenko for participation in UKCELS.

Vasil KISIL

Professor of Civil and Commercial law,
International Private Law Department,
